1. Twelve fighters (low-wing monoplane; two-seater; single-engine; presumably in-line engine; covered with tarpaulin; three-bladed propeller; retractable landing gear) were parked at the landing field of the JUETERBOG-ALTES LAGER (N 52/E 69) airfield.

25X1 Comment: The report does not state the number of aircraft now stationed at the airfield. The observed aircraft, probably Yak-7s, are presumably used as trainers at the JUETERBOG-ALTES LAGER airfield.
